SPECIAL SERIES AVAILABLE ONLINE AND ON DVD (FREE UPON REQUEST)

COSMOS ON TRIAL

Many people teach that evolution is true, but this 7-part series shows otherwise. This series refutes the evolution taught in the first 10 episodes of the show COSMOS. It also answers the question of whether or not a Christian can believe in evolution (one species evolving into a new species over millions of years) and God at the same time. Feel free to share this series with everyone you know. This series has been recommended by Brad Harrub and others.

Singing

Two-part series that explains why we sing, how we sing, and why we do not use mechanical instruments in our worship to God.
